

# SHUBHAM BARWAD

## FULL-STACK WEB DEVELOPER

Full-Stack web developer with deep understanding of both front-end and back-end tools. With ability to adapt to both self-starting and collaborative environments, I can manage to stay focused on the project at hand so as to deliver high-quality results under strict deadline. My life goal is to be a part of this ever-changing world of information technology and be a witness and contribute to further the development of one of the most sophisticated branches of human ingenuity.
